

HEADS OF STANDARD OIL COMPANY ASKED TO MEET MCMASTERS

Invitation Extended by Governor of South Dakota to Confer on Gasoline Situation—High Officials of Indiana Company Now Enroute to Pierre—Profess Ignorance

(By the Associated Press)
CHICAGO, Aug. 27.—Colonel Robert W. Stewart, chairman of the board of the Standard Oil company of Indiana, Alhan Jackson, vice president, and other officials departed today for Pierre, S. D., at the invitation of Governor W. H. McMaster to hold a conference with Governor McMaster there Wednesday on the gasoline situation.

The officials of the Standard Oil Company leaving here tonight for South Dakota where the price cutting competition started a few weeks ago, professed not to know the purpose of the conference that Governor McMaster had invited them to attend.

Governor McMaster ordered public service depots of his state to sell gasoline at 16 cents after which the Standard Oil company of Indiana met his price and later reduced gasoline 6.6 cents thruout the territory served by it.

GERMAN MARKS REACH LIMIT OF COMPUTING

Reichbank's Gold Mark Reserve Shows Large Depletion

(By the Associated Press)
BERLIN, Aug. 27.—Nobody knows just how much paper money is floating about in Germany, according to the conclusion reached by the Borsen Zeitung, which believes that even an approximate computation would be impossible, since communities, industrial plants and numerous private corporations now have entered into competition with the reichbank in the production of paper marks.

Even railway station lunch-room operators, says the paper, are issuing chips to overcome the shortage of fractional currency. Under these conditions it adds, a continuous collapse of the marks is most obvious.

Big Gold Decrease.

The reichbank's returns for the second week of August were made public today, almost a week later than has been the custom, and while the present figures are recorded in totals requiring fifteen digits, there is apparently feeling that the reichbank's activities since August 15 will reveal totals of staggering dimensions especially with respect to its output of French currency as well as its further absorption of discounted treasury bills and private checks and drafts. Its total gold reserve is less now than 17,000,000 marks as compared with 1,400,000,000 at the beginning of the current year. Since its last weekly report the central bank has disposed of \$8,000,000 old marks out of its reserve broad, which amount, its official communique states was headed to secure credits which had been running for some time. Its gold reserve has shrunk to 3,000,000 marks.

Dr. Havenstein still is functioning as president of the reichbank despite a threat of the Socialists to invoke reichstag intervention in a move to have him ousted.

COLONEL OWSLEY IS ENTERTAINED ABROAD

(By the Associated Press)
PARIS, Aug. 27.—Colonel Alvin M. Owsley, national commander of the American Legion, and the entire delegation of visiting members of the legion and their wives were the guests of American Legion Post No. 1 at a dinner here this evening.

Colonel Owsley, in a speech, said the American Legion was the only organization in the United States with courage enough to stand with France in the occupation of the Ruhr.

MINNEAPOLIS, Minn., Aug. 27.—Adoption of a uniform arbitration act and a uniform chattel mortgage act was postponed until next year's meeting at the coming session today of the national conference of uniform state laws. Next year's meeting will be held in the same city chosen

OPERATORS AND MINERS TALKED TO BY PINCHOT

Told Suspension of Mining Cannot be Allowed

(By the Associated Press)
HARRISBURG, Pa., Aug. 27.—Governor Pinchot of Pennsylvania served notice on mine operators and miners' union officials today that the threatened suspension of Anthracite mining September could not be allowed, and then proceeded to enter what may be a lengthy effort at mediation of the controversy.

In executive session with the union spokesmen, Phillip Murray, Vice-President of the United Mine Workers and C. J. Golden, Rinaldo Cappellini and Thomas Kennedy, the three district presidents in the anthracite region the government went over the demands which the union has made for increased wages "check off" system of union dues collection and other things. He made no compromise proposition in his own behalf today, but scheduled a session with the coal mine operators representatives for tomorrow morning and a second meeting with the union officers for tomorrow afternoon.

Preliminaries.

The governor made his preliminary address to the industrial leaders at a semi-public meeting in his capitol offices. Samuel D. Warriner, A. B. Jessup, W. J. Richards and W. W. Ingles all members of the general policy committee of the anthracite employers faced the union chiefs across a table while the governor talked. Both sides received his words without rejoinder, except the miners acknowledged and accepted his invitation to stay in the city for separate discussion with him.

The anthracite industry's quarrel, the governor said, could not be a private one; a public, vitally interested, that wanted to see justice done to both employer and employee was nevertheless losing patience with repeated strikes and suspensions.

"The public interest demands that this controversy shall be settled and that a suspension of mining shall be avoided," he continued. "The thing is possible, and it must be done. Settlement means that neither side can get all it would like to have. But settlement of this dispute is absolutely necessary for the public safety and welfare. The public needs and must have coal, and I am entirely confident that the public is going to have it."

No Comments Made.

The governor's statement of the necessities he saw in the situation elicited little comment from the men he addressed. A request that they keep confidential whatever propositions he might make in executive sessions concluded his address. It was respected by the miners' officials at the end of their first meeting.

To the list of this unofficial advisers and helpers in the mediation attempt, Governor Pinchot tonight added the name of Bishop Michael J. Hoban, head of the Catholic diocese at Scranton in the heart of the anthracite territory.

MANY INJURED IN HAILSTORM WHICH STRIKES NEBRASKA

Big Crop Damage and Many Animals Killed

(By the Associated Press)
NORFOLK, Neb., Aug. 27.—A violent hail storm which struck this section last Sunday afternoon resulted disastrously to corn crops, livestock and poultry, corn being stripped of its ears and foliage and many head of livestock and flocks of fowl being killed.

Five instances of freak injuries, wherein Otto Burkhardt, caught in the tempest was rendered unconscious by a hail stone which penetrated the top of his coupe striking him on the head; Henry Maussman, of Battle Creek suffered a fractured arm when hit by an icy bullet, an eighty year old man at Meadow Grove had a wrist broken while reaching from his doorway to obtain a specimen of hailstone, when struck by another one of enormous size; a Battle Creek woman required six stitches in a head wound caused by a piercing hailstone.

The storm was the worst in 20 years old settlers say.

LEWIS UNABLE TO ATTEND CONFERENCE

(By the Associated Press)
ATLANTIC CITY, N. J., Aug. 27.—John L. Lewis, president of the United Mine Workers of America, too ill to attend the anthracite conference called by Governor Pinchot at Harrisburg today left his headquarters at the Ambassador hotel this afternoon for Philadelphia. He will keep in touch with the Pinchot parleys from that city. Mr. Lewis made no statement before leaving. He was in communication by telephone with his lieutenants early this afternoon.

FARM BLOC FARMER REMEDY IS CLAIM

LITTLE FALLS, Minn., Aug. 27.—"The only remedy for the farmer and the agricultural people in the present period of agricultural depression is to increase the powers of the farm bloc in congress," Senator-elect Magnus Johnson said in an address at the Morrison County Fair here this afternoon.

"And my first and strongest efforts when I reach Washington will be to remedy agricultural conditions," said Johnson. "President Coolidge in my opinion should call a special session of congress to settle the coal, agricultural and gasoline price questions."

Senator-elect Johnson in speaking of the soldier bonus said that he was in favor of such a bill provided the money comes from excess profits during the war and not from taxation. He said, however, he was not sure that this could be done.

REACHING FOR LUNCH IN AIR NEARLY ENDS A FLYER'S LIFE

(By the Associated Press)
SAN DIEGO, Calif., Aug. 27.—Two blackberry pies in a metal lined bucket to which was attached fifty pounds of lead nearly wrecked the hopes of Captain Lowell R. Smith and Lieutenant John Richter, who are trying for world air laurels here today. The incident occurred at 11:59 o'clock this morning when the fliers after going up at 5:40 o'clock and covering 750 miles at an average speed of 92.44 miles an hour, signalled for some luncheon.

Another plane at once went aloft and made contact with Smith and Richter's craft lowering the pies and some sandwiches. Richter was standing in the cockpit and had grasped the bucket containing the pies when a sudden gust of wind caused the upper plane to nose up for a few seconds. Richter, clinging to the bucket was literally suspended in mid air. Captain Robert G. Irvin, pilot of the contact plane, quickly whipped the nose of his plane downward and Richter settled back in his seat with the blackberry pies and sandwiches in his hands.

Set Fast Pace.

The aviators set a whirling pace on the fifty kilometer course speeding at 92 miles an hour all day in their effort to break the world's endurance, distance and speed records for 2500 kilometers and over.

Fuel, lubricating oil and food were taken aboard in the air with consummate skill.

The first contact was made at 10 o'clock this morning. Lieutenant Virgil Hines and Frank Seiffert handling the refueling planes. Within three minutes 90 gallons of gasoline had been transferred to Smith and Richter's plane. Additional contacts were made at two, four and 5:30 p. m. for gasoline at 5 p. m. for lubricating oil at 6 p. m. and for food.

At 3 o'clock tomorrow morning if the fliers are still in the air, the first world's speed record will be broken. This is for 2500 kilometers.

REPRESENTATIVES OF MANY STATES TO DISCUSS COAL

Wish to Prevent Suffering in the Event of a Strike

(By the Associated Press)
NEW YORK, Aug. 27.—Representatives of eleven Atlantic and New England states and of the District of Columbia arrived in New York tonight to discuss emergency measures for distribution of coal substitutes which would avert widespread suffering in the event of a suspension of Anthracite mining on September 1.

These men, appointed as representatives by the governors of their respective states, go into conference tomorrow with Federal Fuel Administrator Wadsworth of Washington and James C. Brydon, president of the bituminous operators' association.

Their first consideration will be the development of a program for distribution of soft coal thruout districts which were formerly entirely dependent on anthracite.

MRS. WOODROW WILSON IS VISITING FRIENDS

Mattapoisett, Mass., Aug. 27.—Mrs. Woodrow Wilson, wife of the former president, arrived here today from Washington for a visit of about a week at the summer home of Mr. and Mrs. Charles S. Hamlin. She was accompanied by Mrs. James H. Helm, wife of Rear Admiral Helm, of Washington. Only once before since Mr. Wilson was taken ill four years ago has Mrs. Wilson left his side.

MAYOR HYLAN OF NEW YORK IS SICK ABED

Saratoga Springs, N. Y., Aug. 27.—Mayor John F. Hylan of New York, is confined to his bed here tonight suffering from what his physician declares to be a touch of pleurisy and bronchitis. The mayor took to bed Saturday with a temperature of 102 which tonight had dropped to 101-1-2. The physician does not consider his patient dangerously ill.

BIG TABERNACLE IS BUILT IN ONE DAY

(By the Associated Press)
FREEPORT, Ill., Aug. 27.—Despite occasional showers that caused cessation of operations volunteer workers late today accomplished their aim of building in a single day, a large frame tabernacle seating 2500 in which evangelistic meetings are to be held September 4 to October 15, under the auspices of the ministerial association. Preachers, bankers, merchants and building crafts men worked with saws and hammers and much material used was donated.

FROM BARBER TO FINANCIER THEN TO JAIL

Fugitive from Justice Finally Taken at Laredo, Texas

(By the Associated Press)
SAN ANTONIO, Texas, Aug. 27.—Joseph Biata, wanted in Warren, Mass., on charges of embezzling \$213,000 from the First National bank of Warren, in February of this year, was arrested in Laredo, Texas, today by a department of justice agent, E. T. Needham.

Biata disappeared from Warren about the first of February and department of justice agents believe that he has been in Mexico ever since that time. He is charged with being the "arch-conspirator" in the theft of nearly \$250,000 in cash and bonds. His Chicago alias is said to have been "Joseph B. Marcino."

Department of Justice Agent Needham assisted by Deputy United States Marshal Walker of the Houston federal district and State Ranger Burford arrested the prisoner as he crossed the international bridge. He was arraigned before the United States commissioner on charges of theft and his bond was fixed at \$100,000.

Officers from Chicago are expected to come for him.

His Meteoric Rise

Chicago, Aug. 27.—Joseph B. Marcino arrested today at Laredo, Texas, in connection with the disappearance of \$213,000 worth of bonds from the First National bank of Warren, Mass., had a meteoric rise here from barber to banker and financial heights.

Nine years ago he was a barber. Then he got a job with an insurance company and a short time afterward organized the Public Life Insurance company which went out of business. Later he organized the Roma Investment company and Commonwealth insurance company then with others secured control of numerous banks in Iowa and Illinois. He was indicted in connection with the failure of some of these institutions but jumped his bail.

He married a daughter of Abraham Goldman, wealthy Chicagoan, and then with the aid of capital said to have been furnished by his father-in-law transferred his operations to the east where he secured an interest in the Farmers and Merchants bank of Philadelphia, which failed, and then in the Niagara Life Insurance company of Buffalo, which went into receivership.

Going to Warren, Mass., he succeeded with Goldman's aid in gaining control of the First National bank of Warren. Marcino disappeared last February along with bonds held by the bank valued at \$213,000.

SEES COOLIDGE AS HARDING SUCCESSOR

(By the Associated Press)
WASHINGTON, Aug. 27.—Nomination of President Coolidge as the standard bearer of his party in 1924 was advocated by Senator Weller, Republican, Maryland, in a statement made public at his office here tonight.

"Calvin Coolidge is the heir to the policies and organization of President Harding," he said, "and is his logical successor."

"President Coolidge is safe, conservative and fair to the other man. He is a listener, not a talker. He does things and is not afraid. He knows exactly where he is going and does not have to go back. He is devoid of show and ostentation. He exemplifies the simple American life."

S. DAKOTA PASTOR ELECTED MODERATOR

CEDAR RAPIDS, Iowa, Aug. 27.—The Reverend B. Marek Tabor of South Dakota was elected moderator and the Reverend Joseph Sesulka of Cobb, clerk of the Central West Presbyterian convention here today. Three hundred pastors of Iowa, Nebraska, Kansas, South Dakota, Illinois, Minnesota and Wisconsin are in attendance.

A feature of tomorrow's session will be a pageant prepared by sixty children of Blue Rapids, Kansas, Sunday School called the "Striking Hour of America."

ASKS FOR NATIONAL AGRICULTURE BOARD

(By the Associated Press)
WHEATON, MINN., Aug. 27.—Dismissing as ineffectual various remedies for farmers' ills, declaring wheat farmers having been penalized for patriotism and calling attention of the American people to the plight of the farmers, representatives of the small grain growing mid-west states in a conference here today passed a resolution asking for "a national agricultural board thru which the farmers of America may market their products."

SENATOR CUMMINS A GREAT GRAND FATHER

Washington, Aug. 27.—Senator Hiram Johnson of California left here tonight for his first visit to his home state in more than a year.

IRISH FREE STATE ELECTION CALLED TAMEST EVER HELD

Electorate in Twenty-Nine Constituencies Vote for 150 Members of New Dail Eireann—Practically No Disturbances—General Apathy Prevailed Thruout Territory

(By the Associated Press)
DUBLIN, Aug. 27.—The electorate of the Irish Free State went to the polls today in twenty-nine constituencies for the election of the 150 members of the new Dail Eireann and up to the last the elections maintained the unique character of the previous campaign and were quiet and orderly almost to dullness. This was particularly the case in Dublin while reports from the provinces tell a similar tale, with trifling exceptions in a few cases where enthusiasm outran discretion and caused slight disturbances.

The universal verdict is that this has been the quietest election in Irish history. Judging from appearances, the public is taking only a small interest in the affair and the polling has not been heavy.

Civil guards and others responsible for keeping order were at their posts, but were not required and seemingly there has been only the very smallest amount of intimidation.

According to some reports tonight there has been a poll throughout the state of about sixty percent of the electors. The only places where any briskness or excitement was shown were Cork, Waterford and Kilkenny where the balloting is said to have been heavy, reports from all other places indicate a certain amount of apathy.

The discharge of firearms in the early hours of the morning in Dublin led many citizens to wonder whether the Republicans had abandoned their plan of standing as the law and order party, but there is still no explanation of the firing and military headquarters has made no report.

Returns Held Secret

The returns from the polling booths will be secret for three, possibly four days, but some indication may be forthcoming tomorrow, when the first preferences may be known.

Both government and Republican candidates flew the same flag, the Irish Tricolor, and the Devalera's supporters claimed the title of Sinn Feiners, the free states maintain that they are the true inheritors of that tradition. The women voted as freely as the men and at some of the stations outnumbered them.

No doubt is entertained that General Mulcahy will lead the poll for the north city and Kevin O'Higgins is certain of election in Dublin county. Mr. O'Higgins is expected to show the highest poll of any candidate in Ireland for not only will all the free states put him first but the Unionists who once carried this constituency in the English parliament are supporting him as the strongest minister; next to President Cosgrave in forcing obedience to the law.

See Cosgrave Support

Mr. Cosgrave is considered a certainty as head of the poll in Carlow. In government circles, the most cautious of the prophets estimate that the candidates pledged to unswerving support of President Cosgrave will win at least seventy seats. This, less than half the house, would make the ministry's reapointment sure, as all the big business interests are anxious for its continuance. Estimates of Devalera's victories including his own vary from twelve to thirty. As the Republicans will boycott the parliament their return will make President Cosgrave's position easier. In their absence he will have a better chance of an absolute majority composed of pledged supporters.

LEGISLATION NOT CREATOR OF MARKETS

Dirt Farmer Claim in Talk at Iowa State Fair

(By the Associated Press)
DES MOINES, Iowa, Aug. 27.—Financial legislation does not create a market for the farmer, nor does federal supervision of the board of trade or the packing industries mean orderly marketing, and co-operation as it is practiced in Europe probably is not the pattern for the individualistic American farmer to copy," E. H. Cunningham, "dirt farmer" member of the federal reserve board, and former farm bureau official declared today in an address at the Iowa State Fair. His address was the principal event of farm bureau day at the fair.

"The problem of early marketing is the problem of the producer for all time to come," Mr. Cunningham said. "Cooperation in its true sense is not a practical thing in this day of individual initiative in America."

About Cooperation

"We are constantly reminded of the efficiency of cooperation as it exists in foreign countries. I am willing to give due credit but I am not ready to admit that the people of the United States have yet come to the point where they are willing to accept cooperation as it exists in smaller countries where the average citizen is more on a common status."

"Agriculture is in no sense enjoying normal health," Mr. Cunningham continued. "The wheat farmer and the hog grower are suffering from overproduction."

"We must come to full realization that the farmer is over producing and conform our production to approximate the needs of the American consumer."

Mr. Cunningham deprecated the suggestion that the government fix a minimum price of wheat because it would tend to submerge the initiative of the American farmer and remove the incentive for land or home ownership of all "hazardous industries and thus bring too heavy a burden upon the taxpayer."

CONSTABLE RECEIVES TWO YEAR SENTENCE

(By the Associated Press)
TULSA, Okla., Aug. 27.—The road to the state penitentiary opened today to a member of the Ku Klux Klan when William Arthur Finley, constable at Broken Arrow, was sentenced to two years imprisonment for participation in the whipping of Leslie Goolsby and Mrs. Myrtle Spain, now Mrs. Goolsby, on the night of July 29, 1922.

Finley confessed having turned over Goolsby and Mrs. Spain to a band of whippers and pleaded guilty to a charge of riot. He received the minimum penalty.

Four other men are jointly charged with implication in the offense for which Finley was sentenced only two of whom had been arrested tonight.

One of the ambitions of the late President Harding was the re-establishment of friendly relations with Mexico. Several weeks before his death he had exchanged personal notes with President Obregon which culminated in the sending to Mexico City of a special commission to negotiate a basis of agreement. Had Mr. Harding survived a month longer he would probably have witnessed the consummation of his plans. Ten days after his death the final draft of an agreement was prepared. It is understood that it met the approval of Secretary Hughes, and that final accord between the two governments is only a matter of days.

OUR EUROPEAN TRADE

The total exports of the United States to all of Europe during the first half of 1923 amounted to \$950,000,000, or a decrease of 4 per cent under the corresponding time of last year; imports from Europe into the United States during the same period rose to

\$612,000,000, an increase of 40 per cent over the 1922 figures. How do the Democrats and their allies account for that? We were assured when the present tariff law was under debate that the proposed law would prohibit the entry of European goods. Europe sold us 40 per cent more and bought from us 4 per cent less. Of course the answer in part that Europe is regaining her normal producing power in many sections, and in others, such as Germany, the geying power has fallen off. But the Republican tariff has been of material assistance in increasing the American market for European goods without seriously interfering with our own producers. Our people have been so prosperous during the past year that they could buy imported goods if they preferred them.

AIR ARMAMENT

The American Legion is going to conduct a national referendum regarding the advisability of holding another arms limitation conference in Washington to deal with air armament. In doing so, the Legion is bringing effectively to public notice one of the biggest questions of the future.

Most people who have looked into the matter dispassionately agree that sea armament will be of minor importance hereafter, and land armament too, is destined to become obsolete—that of the future will be fought and won in the air. France is so convinced of this that it has created the most powerful air fleet in the world, and dominates Europe accordingly. Its air equipment is said to include planes carrying 75 millimeter guns, planes with as many as six machine guns and their crews, enormous bombers, special fighting ships armed with battleship guns and actual troopships of the air.

Great Britain, fearing French aerial preparedness, proposes to spend large sums to catch up. America, in turn, will be obliged to increase her air forces greatly or lose its power of self-defense. There is approaching a competition in air armament precisely like the costly and dangerous battleship competition from which the big naval powers are just emerging.

If it is wise to limit battleship competition by international agreement, it is wiser still to limit battleship competition, because the latter is yet in its early stages, and comparatively easy to control, and the results of unrestrained competition in air fleets carrying troops, bombs and poison gas are far more dreadful to contemplate than the ravages of sea navies. Aircraft can reach anywhere, destroy anything and kill anybody. It is high time that measures were taken to restrict aircraft to the purposes of peaceful commerce and necessary police work.

PROHIBITION OF SMOKING

The Anti-Alcoholic Congress at Copenhagen has been concerning itself unofficially but earnestly with plans to combat the use of tobacco.

Prof. Hartmann of Leipzig, addressing one of the meetings, expressed great concern regarding the evils of excessive smoking. He insisted that Lord Carnarvon, the famous Egyptologist, would not have died from his insect bite if he had been a non-smoker, and that smoking is stunting the size of Englishmen and Americans.

No doubt the excessive use of tobacco is bad for anybody. So is the excessive use of tea or coffee or salt or pastry. If the reformers can persuade smokers anywhere to be moderate in their smoking, and discourage non-smokers from forming a habit which often lures devotees to unwise excess, more power to them. But let the Anti-Alcoholic Congress, or any other Congress, beware of trying to cut off the tobacco supply absolutely from any part of the human race.

To carry out such an order would mean reaction and be likely to make existing law less stringent instead of lighting it up.

CROSS BURNED

At the close of the chautauqua program Sunday evening a large cross, 15 to 20 feet high, was observed to be burning on the south border of the park. The cross is said to have been brought in and ignited by the Ku Klux Klan, and observers say that several white robed figures were seen leaving the cross shortly after it burst into flames. It blazed for an hour and created quite a furor, scores of people running to the place trying to catch a sight of the men of mystery.

Allen Abernathy and son Emory of North Main street returned Saturday night from a pleasant visit in Denver, Colorado Springs and other Colorado points.

WINCHESTER WOMAN HONORED ON BIRTHDAY

Mrs. Sarah Thomas is Honored by Picnic at Nichols Park in Observance of Eightieth Birthday—Other Winchester News.

Winchester, Aug. 27.—Mrs. Sarah Thomas was honored Sunday by members of her Sunday school class at a picnic at Nichols park, the affair being in observance of her eightieth birthday. Mrs. Thomas has been a teacher in the Baptist Sunday school for the past forty-one years, and during that long period has taught various classes. For the past several years she has had the adults Bible class, and members of this class together with former class members were present at the picnic to the number of forty.

An excellent dinner was served at noon and in every way the occasion was one long to be remembered. Mrs. Bayless, the minister's wife, made a very appropriate talk in regard to Mrs. Thomas' period of service, and the latter responded in a fitting manner.

News Notes

Mrs. Jay Graham, a well known resident of Bluffs, passed away Sunday evening at the age of seventy-five years. The funeral was held at 2:30 o'clock Tuesday afternoon at the Methodist church in Bluffs.

Officers and directors of the chautauqua association were elected at the close of the assembly Saturday evening. They are: President—C. W. Smith.

Vice president—S. G. Smith. Secretary—W. N. Gish.

Treasurer—Paul Markkille. Directors—Mrs. George Smith, Mrs. S. G. Smith, Mrs. J. W. Eckman, Mrs. Charles Summers, Miss Sadie Townsend, Miles Gish, George Cowlick, Fred Ely, Fred Neat, Harvey Green and the pastors of the various local churches.

The sale of guarantors tickets was very successfully carried on, pledges being made by various individuals and organizations. At the close 155 tickets remained unsold and the sale of this number was guaranteed by the Ku Klux Klan.

The funeral of Mr. and Mrs. Charles Martin will be held at the Baptist church in Winchester at 2:30 o'clock Tuesday afternoon, in charge of Rev. W. R. Johnson. Mrs. Martin was a sister of Mrs. Curt Hankins and of Charles and Elmer Walker of Winchester.

Mr. and Mrs. W. D. Gibbs, Mr. and Mrs. W. H. Kinson, and daughter, Miss Helen, have returned from an automobile trip to various points in the east. They visited various cities in Indiana and Ohio, and among other places stopped at Marion, Ohio, and saw the vault in which lies the body of the late President Harding.

Rev. Edward Gibson and child, not Alton have arrived for a month's visit at the home of Mr. and Mrs. Earl Nelson.

Mrs. Margaret Coons and son Alton of Los Angeles are visitors at the home of Dr. George Brinkley.

Miss Bernice Burrows arrived Sunday from Lawrence, Iowa, for a visit at the home of her parents, Mrs. Everett Smithson of Jacksonville was a visitor in Winchester Saturday and Sunday.

WILL ASSIST IN UNIVERSITY DRIVE

Chicago, Aug. 27.—Officials of the coming Northwestern University \$5,500,000 nation wide campaign for endowment and new buildings, announced today that Mr. Hugh P. Green, Morrison Block, Jacksonville, Illinois, will have charge of the local campaign in that district. He will be assisted by Dr. Carl E. Black, Ayers National Bank Bldg., and Mrs. Gertrude Bell, 1063 West College avenue. There are approximately twenty former students of Northwestern in Jacksonville.

Present plans call for a nation-wide campaign for Northwestern to begin in October. The funds raised will provide for the construction of the McKinlock Memorial Campus on Lake Shore Drive, the drawings for which call for the first urban campus in America. It will house the four professional schools: Law, Medical, Dental and Commerce. The present campus at Evanston will be enlarged, a special feature being the construction of buildings and dormitories for the women students who form at least one-third of the total enrollment of the University.

CHAUTAUQUA AT WHITE HALL CLOSES

Eighth Annual Assembly Came to Close Sunday Night After Eight Successful Days—Association Elects Officers.

White Hall, Aug. 27.—The eighth annual White Hall chautauqua came to a close Sunday night, after eight days of programs of varying importance and interest and an average record of attendance that stands with the best of previous years. This is indicated by the fact that there were 1,500 guarantors' season tickets and considerably more than a thousand dollars in single admissions, not counting the sale of regular season tickets at \$2.00. The guarantors' tickets sold for \$1.50, making this a popular price assembly that is sustained and made a money-maker by the great volume of patronage.

The weather conditions at no time interfered with the attendance in any serious degree, and the weather man got his share of praise in the daily recognition and boosting given the important movements of benefit to the community.

The boosting spirit reached a climax Saturday afternoon, when the chautauqua association presented a program of orators and pleasant exchanges over the announcement that the chamber of commerce had been successful in meeting the requirements of White Hall in the establishment of knitting mills. This proposition was put over in a telegram from the Chicago office of the Central Illinois Public Service Company in pledging one thousand dollars.

The wide importance of the institution is afforded in a telegram from Congressman Henry T. Priney to the platform manager, Rev. Arthur F. Ewert of Chicago. It was dated Lewisburg, Penn., and reads: Success to the White Hall Chautauqua and to you. Best regards to Mr. Shaw. Sorry I cannot attend this year. Lecturing every night on Swathmore Sevens in eastern states. Fifteen weeks engagement. Traveling always in auto with pleasant companions. Beautiful scenery and delightful weather.

This session was introduced by local features in a violin solo by Emory L. Ellis and a vocal number by Russel Knox. The former is a son of Mrs. Bertha Foreman Ellis of Glenn, California, who is the guest of her father, Dr. A. W. Foreman. An additional feature of the stage decorations was a drawing of the chautauqua landscape in Gregory park by Mrs. Fannie Elgin. The importance of the stage settings was detailed in an earlier report.

The election of officers resulted in the choice of a board of directors of fifteen members as follows: W. S. Corsa, J. C. Spencer, Guy Lowenstein, G. C. Fanning, J. H. Piper, L. E. Ellison, Louis Lowenstein, George Griswold, Frank C. Griswold, J. H. Fox, H. W. Shirley, C. A. Buckel, Harry Lyons, W. P. Lindsey, R. F. Ballard. The officers were then chosen as follows: President, J. N. Fox; vice president, G. C. Fanning; Secretary-treasurer, H. W. Shirley; tents and grounds, George Griswold; platform manager, Rev. Arthur Frederick Ewert, general superintendent, James H. Shaw. The fifteen hundred guarantors' tickets for the 1924 assembly were subscribed without soliciting the audience.

The White Hall Community Song, which featured several of the sessions, is the production of Miss Emma Duncan, and it will probably be revised and abbreviated to meet the requirements of a community song for all occasions at an early session of the chamber of commerce.

The assistant general manager of the White and Brown Chautauqua Circuit attended Friday's sessions, he made it clear that his company, in making White Hall the distributing point for the second largest chautauqua circuit in the country, will not take a hand in local chautauqua affairs. He was informed that his company would have been awarded the contract for tent equipment if they had arrived in time. There will be twenty-seven outfits brought here for storage and repairs during the coming winter, meaning fifteen carloads of material. A work shop will be opened with the arrival of H. S. Ford from Kansas City, who will become a citizen, and desires to get located in time for his son to enter school.

REVIVAL MEETINGS GROW IN INTEREST

A large and interested audience attended the meeting in the tent on East Morgan street Sunday evening. The interpretations of Scripture given by the minister were inspiring to all. It is believed that the meetings will increase in attendance and interest during the coming week.

Rev. Mr. Bently took as his text: "Therefore all things whatsoever ye would that men should do to you, do you even so to them, for this is the law and the prophets. In part he said: "As this is the last week of the revival, we wish to impress the fact in a public manner to all citizens of Jacksonville and vicinity that they should come at least once. We stand for law and order in every sense of the word, working to make a better Jacksonville and to inspire men to loyalty to God and the nation by encouraging all to accept the grace of God in conversion.

"Brothers in the churches, we are not here with some fanatical, narrow contracted idea of our own to propagate, nor are we asking people to join our church. A greater and nobler ambition is ours. It is the great universal cause of God and the exaltation of God to His proper place in the activities of men.

"This meeting has no hobby horse to ride nor any pet doctrine to expound. We stand with the Scriptures for a balanced church, no gift of spirit stretched out of its proportion in the body. The Sunday services were especially successful, the attendance being large and the sermons soul stirring. There was a hearty response, many applying for healing. A cordial invitation is extended to all to come.

KANSAS CITY STOCKERS AND FEEDERS

Kansas City is getting record
runs of stocker and feeder cattle.
Receipts are averaging close to
100,000 cattle per week and
while the demand is good and
prices are holding steady, the
supply is very liberal and it is
very easy to make a selection
of exactly what you want.

A fairly good grade of light
stock steers can be bought as low
as 6 cents and good stock cows
around 3 1/4 to 3 1/2 cents.
Most good medium weight feeder
steers around 7 1/2 cents to 8
1/2 cents with choice heavy feed-
ers at 9 and to 9 1/2 cents. Good
light whiteface heifers \$4.75 to
\$5.25.

The Kansas City Stockyards is
the greatest stocker and feeder
market in the world and the Lee
Live Stock Commission Company
at Kansas City makes a specialty
of buying stockers and feeders
on order. They have five expert
buyers who devote their entire
time to this department, and their
success so far this season and
rapidly increasing business is a
good indication of their ability
to please the stockmen and farm-
ers here.

FLIES AND LIVESTOCK

A local veterinarian yesterday
made the statement that the
present time is the worst part of
the year for flies around live-
stock. A great many are using
spray and find that it pays them
well for the investment. He also
advanced a novel idea to be
used when spray is not available.

Several farmers have found that
by placing fly paper on the dif-
ferent parts of the harness while
the horses are being worked,
wonderful results have been ac-
complished in keeping the flies
from worrying them.

FORMER RESIDENT OF COUNTY IS DEAD

Mrs. Ann Eliza Gray Passed Away
in Lyons, Kansas, at Advanced
Age of 99 Years.

The death of Mrs. Ann Eliza
Gray, a former resident of Mor-
gan county, occurred in Lyons,
Kansas, recently. The deceased
was nearly ninety nine years of
age at the time of her death and
will be remembered by a number
of the older residents of the
county, as she resided here in
earlier days.

The deceased was the daugh-
ter of Mr. and Mrs. Joseph Clough
early residents of Morgan Co.
She was one of twelve children,
all of whom are now deceased.
She was born in England, Sept.
24, 1824, coming to this country
with her parents at the age of
five years.

For a time the family home
was in Ohio, later the family
coming to Morgan county. The
deceased was married to the late
George Gray in young woman-
hood and the family home was
established in this city. Later
the family moved to Kansas,
where Mr. Gray passed away
about fourteen years ago.

Eleven children were born to
this union, four of whom survive
her mother. They are John,
Frank and Cyrus Gray and Mrs.
Emma Hill. The deceased pass-
ed away at the home of the
latter.

Mrs. Gray was a cousin of the
late Mrs. Mary A. McCullough
and Mrs. Sarah Hayden of this
city an dale of Alfred Shirliff
of this county. The remains
were brought to Springfield for
interment.

OUR AN EARLY RESIDENT

Editor Jacksonville Journal:
Dear Sir:—
Being one time a resident of old Jacksonville and still a resident in spirit, I feel that I am entitled to suggest a name for Jacksonville's new hotel. Wherever a person may go throughout this country and meets one who at one time visited Jacksonville, the first thing he or she would say: "Aren't those wonderful trees there especially on West State?"
Therefore, Jacksonville's wonderful trees could be more highly remembered and more universally known by naming the hotel, "The Hotel Maple."
I once worked for the Journal when you were located on East State street, in the capacity of the "Devil" and at one time John Joaquin and Joe Rogers the printer, sent me over to John Ironmongers for a "round square." John said he loaned it to Henry Engel. I went over to get it from Henry and he told me to "get out quick."
Yours truly

BASEBALL TROPHY TO BE OFFERED BY FIRM
The Hub Clothing Co's Jacksonville store is to be represented by a baseball team in the local league next season, if plans now being pushed are successful. The trophy, which the Hub firm will award to the winning team of the league has been received. It is a silver cup of good size and handsome appearance.
The team that will represent the store is to be known as the Hub Black Sox. The uniforms and other equipment have already been received.
The Hub has just received from the firm headquarters in Peoria a new and up-to-date electrical cash register. It is equipped with a cash register.

NOTICE TO CONTRACTORS
Sealed bids will be received for the construction of the improvement of West Morton avenue, by the Board of Local Improvements of the City of Jacksonville, Illinois, until the 6th day of September, A. D. 1923, at the hour of 2 o'clock p. m., at its office in the City Hall in said city, at which time and place said bids will be publicly opened.
It is estimated that there will be 8,235 sq. yds. of sheet asphalt, 11-2 inches in thickness, a binder course 1 1/2 inches in thickness, on a concrete base, 5 inches in thickness, composed of 1 part cement, 3 parts sand and 6 parts crushed stone or washed gravel, 5,288 linear feet of combined curb and gutter, 164 linear feet of concrete header, 2,585 cubic yards of excavating, grading and preparing sub-base, 4 brick catch basins, laid in cement mortar with cast iron inlet covers and 1,300 linear feet of vitrified clay sewer pipe, connecting catch basins.
Said improvement shall be constructed and laid in accordance with ordinance providing for the same, on file in the office of the city clerk.
Proposals must be made on blanks furnished by the Board of Local Improvements, and in compliance with instructions thereto attached, which can be had on application to the city engineer of said city, and must be accompanied by a certified check, payable to the order of the president of the Board of Local Improvements in his official capacity, certified by some responsible bank, to an amount not less than 10 per cent of the aggregate of his proposal.
Contractor will be paid in vouchers and bonds. Bonds bearing interest at the rate of six (6) per cent per annum.
The Board of Local Improvements reserves the right to reject any or all bids, as authorized by law.
Board of Local Improvements, City of Jacksonville, Illinois.

WOULD BETTER HEALTH HELP YOU GET THAT SALARY RAISE?
There are lots of people who are neither very sick nor very well, but who seldom really feel at their best. Sleep does not refresh them as it used to and they get up for work feeling drowsy, dull and tired—easily upset with indigestion, nervous and often constipated. Consequently they cannot do their best—they can't put enough strength, energy, ambition and "pep" into their work to become leaders and increase their earnings.
FACE THESE FACTS!—Build yourself up! Take a good tonic, as your doctor would advise. Let Dr. Thacher's Liver and Blood Syrup do for you what this strengthening, nourishing vegetable tonic has accomplished for countless numbers of men and women. Increase your appetite, tone and strengthen your digestion, soothe and nourish the overtaxed nerves, wake up the sluggish liver, gently correct constipation and send purer, healthier blood coursing through your veins.
TRY THIS TONIC! Take a delicious tablespoonful of this nourishing, strengthening tonic after the next few meals. Feel like doing a bigger day's work with enough strength, energy and "pep" left over to enjoy evenings with the family. The cost is only a trifle and your own druggist will promptly refund this cost unless you really notice a quick difference in the way you look, eat, sleep and feel.

AGED RESIDENT OF BLUFFS PASSES AWAY

Mrs. J. Graham Died Sunday at Age of 76 Years—Funeral to be Held Today.

Bluffs, Aug. 27.—Mrs. J. Graham died at the home of her daughter, Mrs. Mabel Pyle at 11:30 P. M. Sunday, aged 76 years. Decedent was taken suddenly ill one week ago and from the beginning hers was a losing fight. Her condition became serious Friday and she failed rapidly until the end came.

Decedent spent the greater part of her life on the Graham farm 2 1/2 miles south of town. About twenty years ago she moved into town where she has since resided. Besides one daughter, John Adams of Naples, she is survived by two sons, Alexander and George Graham Jr., also two daughters, Mrs. Delpha Carpenter and Mrs. Mabel Pyle. Funeral services will be conducted from the M. E. church at 2 o'clock P. M., Tuesday, the Rev. E. T. Palmer officiating.

Interment will be made in the Green cemetery.

CHAUTAUQUA CAME TO CLOSE SUNDAY

Fourteenth Assembly Ranks With Best in History of Organization—Program of Final Day Afforded Varied Attractions.

With two fine lectures, two big band concerts, and a sermon by a former Governor of Arkansas the 14th assembly of the Jacksonville chautauqua closed Sunday. This year's program was termed one of the very best in the history of the organization. Patrons seemed to like the plan of having a new musical organization and a new lecturer every day.

The community band, which appeared on both afternoon and evening programs Sunday, was a contributing factor toward the chautauqua's success. Its programs were picked with a fine discrimination. Numbers ranging from operatic selections to such popular favorites as "Barney Google" were included. Vocal numbers by Ollie Parker, who was accompanied on choruses by the band boys were especially well received.

The Great Sam Small
Sam Small, "The Grand Old Man of the South," and for decades one of America's greatest evangelists and lecturers, was the headliner for the Sunday afternoon program. He had made the trip from Washington, where he is employed as secretary of the National Reform association to Jacksonville for Sunday's lecture alone, and when it had been delivered journeyed back again.

Mr. Small took as his subject, "Is Civilization a Failure." According to him America is the promised land and the Moses that shall lead the other nations out of darkness into light. In an effort to prove his assertions that all nations up to the present have fallen from power because they fell from grace and did not follow God's dictates, he cited the suffering and debt ridden nations of Europe as proof of the unrepented law that "Righteousness exalteth a nation, but sin is the destruction of any people." Great Britain, France and Belgium were his targets here.

The speaker asserted his belief that America, as she has an abundance of food, should feed the less fortunate nations of the world.

Scored Prejudice
"I am a southerner, a Presbyterian, and a Democrat," said Dr. Ira Landrith, the Sunday evening speaker. "But I am a better American than a southerner, a better Christian than a Presbyterian, and a better patriot than a Democrat." Dr. Landrith then went on to score prejudice and hypocrisy, saying: "If I had my way I would put you all in the same church, if not in union in communion. Our young people need the best protection that we can afford them. It is the fault of the community when young people go wrong. The age at which young people are most easily influenced is from 12 to 25."

"The trouble with American education is that we do not have to work hard enough to get it. Every young man should have to drive a mule over a ten acre patch three months out of every year and then he can be educated. He can be a preacher, high school principal or platform manager, for he is capable of driving mules."

"Harding is dead now because of the partisanship of his friends and the opposition of his foes. We should be members of political parties but should not belong to them, being ready to leave them when they leave the right."

"In regard to the churches again: If they all got together and spent as much effort in fighting the devil as they have in the past in fighting each other they would have Old Harry on the run shortly. Believe in God, in Christ, in your neighbor and in your self, that is creed enough for everyone."

The community band then presented another excellent concert and Jacksonville's 14th chautauqua was a thing of the past.

Sunday morning ex-Governor Brough of Arkansas delivered a lay sermon on the theme "We Have Beheld His Glory." It was an address teeming with inspiring thoughts clothed in the choicest language.

There are so many ways to serve Kellogg's Bran—the one great aid to humanity!

You will enjoy eating Kellogg's Bran because its nut-like flavor appeals to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!

Physicians recommend the regular use of Kellogg's Bran for mild or chronic cases and as a preventive. Bran, eaten each day and in proper quantity, sweeps, cleanses and purifies the alimentary tract.

Get away from pills and cathartics—Kellogg's Bran will give you permanent relief from constipation.

Do not confuse Kellogg's Bran with common bran. Kellogg's is cooked,

crumbled and ready to serve. It can be used in the most delightful baking to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!

Kellogg's Bran is nationally eaten for health's sake as a cereal—in winter time with hot milk. Others prefer it sprinkled over hot or cold cereals. Another way is to mix it with hot cereals just before serving. It can also be cooked with cereal. In each case add two tablespoonfuls of Kellogg's Bran for each person; in chronic cases as much with each meal.

Kellogg's Bran is sold by all grocers and is supplied in individual packages at first-class hotels and clubs. Ask for it at your restaurant!

BUSINESS COLLEGE WILL NOT BE MOVED

Officials Sign Lease Permitting it to Remain in Present Quarters—Building to be Shared by New Owners, and Moving of Book Bindery is Already Begun.

The building now occupied by Brown's Business College, and which was recently sold to the New Method Book Bindery, will be occupied by the college until June, 1924, officials of the college announced last night. A lease has been signed with representatives of the bindery, permitting the institution to occupy a part of the building for another year.

This college office will still be located on the first floor, but all classes of work of the school will be confined to the second floor. Prospects are bright for a good attendance of students during the coming term. Registration occurs on Monday, September 3, and classes will open Tuesday morning following.

The New Method Book bindery is being moved into its new quarters. The concern will occupy most of the first floor and part of the basement. Moving of the equipment was begun yesterday, and it will not be many days before work at the new quarters of the industry will be in full swing.

CITY COUNCIL IN BRIEF SESSION

Property Owners Object to Reduction Plant Odors—Paving Ordinance Passed.

A session of the city council was held Monday night with Mayor Crabtree, Aldermen McGinnis, Bleasie, Chapin, Sorrells and Rowe present. A petition signed by several hundred residents of the east part of the city was presented asking that something be done with reference to the Jacksonville Reduction Co's plant. The petitioners claim that the bad odors from this plant are a constant source of annoyance and that their property is damaged because of these odors.

The council promised to speedily take the matter up with the company.

The ordinance for the West State street pavement from the square to Church street was passed. Supt. Gray of the Railway & Light Co. was present and stated that the placing of coal cars on Illinois avenue overnight is a temporary matter and that relief will be given at an early date.

Some other matters of local interest were discussed informally before the time of adjournment.

EVANGELISTIC SERVICES

Revival services are being held each evening on the lot back of the Post Office. Saturday Evangelist Bennett's topic was, "The Gift of the Spirit" and an interesting topic was used on Sunday. These revivals are conducted by Evangelist Bennett and not by the members of the Church of God as was stated in Saturday's Journal. These meetings are very interesting and have been well attended.

NEPHEW OF DECEASED.

W. L. Shibe of this city is a nephew of Mr. and Mrs. Charles Martin of Greening court, who were killed in a railroad crossing accident near White Hall Sunday afternoon. The double funeral service is to take place this afternoon in Winchester.

CHILE CULTURE WORK IS PLANNED AT I. W. C.

New System of Municipal Education to be inaugurated at College of Music This Year—Miss Jewell Orr of Millikin to be in Charge.

According to announcement just made by Henry Ward Pearson, manager of the College of Music at Illinois Woman's College, the institution is preparing to offer to the people of Jacksonville a new system of musical education for young children. The work is planned for children between the ages of four and six and is in musical kindergarten form.

Miss Jewell Orr of the Millikin Conservatory of Music at Decatur, is to organize this Child Culture department and will have supervision of the work. Miss Orr is a graduate of the Child Culture Training school at Millikin and is also a graduate of the voice department of the conservatory there. She has for the past four years been engaged teaching the system and has also contributed numerous articles to kindergarten and musical magazines.

Miss Orr will have several assistants in the new department and instruction will be given to those who desire to qualify as teachers in child nature work.

The child culture system which is to be inaugurated at the local college has never before been offered to Jacksonville people. It is in reality an all-around course for the child of kindergarten age. It is not a system of monotonous work on the keyboard which tries the child's mind without gaining the desired results. It is instead a system founded upon a simple factor, a musical scale of tones of colored birds.

Through this system, which is as interesting to the child as play, there comes development of ear, eye and rhythmic sense as well as concentration and self-control. In many cases children who have been trained in this way have come to possess absolute pitch, and in all instances the children have gained an appreciation of the beautiful in music which will remain with them thru life, whether or not their musical training is carried on to completion.

In addition to the musical phase of the work the child is directed in handwork, dramatized story telling, nature study and supervised play.

A demonstration of the work done in the Child Culture classes at Millikin Conservatory of Music was given here a number of weeks since, when a program was presented at the Woman's College by children from the Millikin Conservatory. Those who heard this program by the child artists were greatly impressed by the remarkable progress made by the children in their musical work.

ROTARY CONFERENCE WILL CLOSE TODAY

Thirty Two Cities Represented at Sessions Held Here and at the Mercedia Club House—Visitors Came for Club Work and Not for Entertainment.

The conference of presidents and secretaries of Rotary clubs of this district will come to a close this morning. Thirty-two cities were represented in the conference by twenty-seven presidents, and twenty-four secretaries. Many of the visiting delegates arrived Sunday afternoon and the others in the evening. After grace said by Rev. M. L. Pontius supper was served at the Pacific Sunday evening and an informal session was held afterward, with Dr. A. H. Dollear, club president.

An address of welcome was given by Mayor E. E. Crabtree, and the response by W. E. Perdue of Peoria, then by special invitation ex-Governor Brough of Arkansas who is a Rotarian, delivered an address, in which he emphasized some of the thoughts of a lay sermon delivered earlier in the day on the theme, "We Have Beheld His Glory." Especial application was made to the work of Rotary clubs. Afterward Governor James White of Champaign outlined the purposes of the conference. During the supper hour the Elite Six furnished a fine musical program. At 9 o'clock the visitors were taken in automobiles to the Mercedia club house.

The formal conference began at 8:30 o'clock Monday morning, with the sessions continuing thru afternoon and evening. Gov. White made it clear that he had arranged the conference not for entertainment but for work and practically the entire day and evening were given over to consideration of the questions relating to the club's activities. J. H. Dial served as conference secretary.

Some special emphasis was laid upon the desirability of unified work, so that the different clubs of the district may be seeking similar objects in a similar way. There was discussion relating to the administration of club affairs and as to the relation between clubs. Boy's work and crippled children's aid had place in the discussion. Monday evening a delegation of twelve Rotarians from Beardstown arrived for the conference.

The meals at the club house were served by experienced people from the Norbury sanatorium. A number of the delegates returned to Jacksonville last night and all will leave for their homes by noon today. The visitors were unanimous in declaring the Mercedia club house an ideal place for holding such a gathering.

Among the cities represented at the conference were the following: Alton, Anna, Beardstown, Belleville, Bloomington, Cairo, Carbondale, Centralia, Champaign, Christopher, Clinton, Danville, Decatur, East St. Louis, El Dorado, Galesburg, Harrisburg, Herrin, Jacksonville, Metropolis, Monmouth, Murphysboro, Olney, Paris, Pekin, Peoria, Pontiac, Quincy, Springfield, Taylorville, Tuscola, West Frankfort.

LITERBERRY SCENE OF VIOLENT STORM

A violent wind accompanied by heavy downpour of rain visited the Literberry community yesterday afternoon. A number of telephone poles were blown down, and the communication with the Literberry exchange was partially paralyzed.

The pole line to Virginia was damaged and communication with that place was interrupted. The wind blew violently for sometime, and came near being a counterpart of the cyclone which swept the neighborhood several years ago.

A large tree in the yard at the residence of W. W. Young was uprooted, and a number of other trees in the village were damaged. Limbs were scattered everywhere, and there were several residences which narrowly escaped damage from falling limbs.

FORMER WHITE HALL MAN PAID TRIBUTE TO HARDING

Charles J. Moynihan, formerly of White Hall and a son of John J. Moynihan of White Hall, delivered an address at the memorial service in memory of the late President Harding at Montrose, Colo. Mr. Moynihan, who is a rising young orator, is a resident of Montrose, in which city he is now practicing law and has taken a high place in the political life of his state.

Mr. Moynihan was one of the leading speakers at the recent Rotary convention in St. Louis and seconded the nomination of General Leonard Wood at Chicago. His intimacy with the late President Harding brings out a point in connection with his recently delivered memorial address that has not hitherto been published.

VISITED BEMENT AND RANTOUL

Mrs. Beatrice Leach has returned from a 10 days' visit with her sister, Mrs. D. A. Cox, in Bement, Ill. While there Mrs. Leach was accompanied by her sister to Rantoul, where they spent a day or two visiting relatives. Mrs. Leach reports that crops in that part of the state are in fine condition. There has been plenty of rain there and many of the farmers have not yet finished threshing oats and some fields of wheat are still unthreshed.

CHURCH ROW BROUGHT TO CLIMAX IN COURT

Pastor Has Deacon Arrested on Charge of Disturbing the Peace and Threatening to Fight—Says Hiram Martin Invited Him Into the Road—Many Testify for Deacon

A factional fight in the New Hope Baptist church in the Centerville precinct came to a focus and to public attention yesterday afternoon when Hiram Martin, an ordained deacon in the church, was tried on a charge of disturbing the peace. The complaining witness in the case was Rev. G. W. Nichols, pastor of the church, who charged that the deacon invited him into the road and threatened to "tend to him." The case was tried in the justice court of C. O. Bayha, which was crowded with residents of the Mud Prairie neighborhood, most of them witnesses for the defendant, familiarly known as "Hi" Martin. The case was tried by jury and no verdict was rendered, as the jury was divided in the opinion of its members. A rehearing of the case will be held at 10 o'clock on the morning of Sept. 5.

The altercation between the preacher and the deacon is said to have occurred on Saturday evening, Aug. 18, following a business meeting of the church. It appeared from the testimony that during the meeting, there had been a lively discussion of some church scandal. Mr. Martin and witnesses in his defense declared that the minister had persisted in mentioning the name of Mrs. Hiram Martin in connection with the discussion. Mrs. Martin arose from her seat and asked the clergyman to leave her name out of the case.

Invited to the Road

After the service, according to Deacon Martin's testimony, he approached Rev. Nichols in the entry of the church and asked him to take back what he had said about Mrs. Martin and other women in the church. It appears that he also told him that if he denied his statements, he could come out into the road and he would settle it there. At this point, some members of the church approached Mr. Martin and asked him not to have trouble in the church building. This apparently ended the trouble. On the stand yesterday, Deacon Martin stated that he had not intended to fight the preacher, but only wanted to talk to him after he had accepted the invitation to go into the road.

Those who testified in defense of Rev. Nichols were Albert Gray, Walter Weatherbee and James Stillwell. All seemed of the opinion that Deacon Martin had threatened to fight the pastor and had spoken in an unusually loud tone of voice. Rev. Nichols testified that Martin had invited him into the road.

More than a dozen witnesses testified to the innocence of Mr. Martin, stating that he had not spoken in a loud tone, and had not even threatened to strike the preacher. It appeared that there had been considerable loud talking during the business meeting, and that everything had not been fair and prosperous in the New Hope congregation for some time. The thunder clouds of factionalism had been gradually gathering for the storm that broke in the business session.

Many Witnesses

Among those testifying in defense of Mr. Martin were: Ollie Cox, Mrs. Ida Mansfield and Roy Mansfield, State's Attorney Carl E. Robinson—prosecuted the case for the state, and Attorney Hugh Green was counsel for the defense.

The jury consisted of Bailey Rexroat, A. C. Foster, J. T. Hogg, C. O. Hegard, James Holt and W. W. Green. Rev. Nichols has been pastor of the New Hope church for the past two years. Hi Martin has been an ordained deacon in the church for the past five years. He has been a respected resident of the community for practically his entire life. He is the only ordained deacon in the church at the present time. Ollie Cox, one of the principal witnesses for the defense, has been called as a deacon, but it not yet ordained.
